

**HAMA**  
HOLDING

No Limits To Success

Day after day we maximize our potential to reach every possibility, every opportunity to achieve successful investment, setting no boundaries to our visions.

#### EDAP

A nursery farm carefully cultivates seeds under controlled quality conditions before planting.

#### Unitech

Support all subsidiaries by providing commercial and industrial solutions such as, designing, building and maintaining technical tools and machinery.

#### Hama Agriculture (Gebalex)

Sowing plants from EDAP, beside designing, building, managing reclamation and harvesting fruits and vegetables.

#### Gebaly fruit

A 900 tons / per day packing house that facilitate receiving, sorting, quality control, packing and cold storage of our Citrus.

#### Hama food Industries:

A highly international standard canning Fruits & Vegetables "tin/jar" company for international exports markets.

#### Hama pack

A 56 thousand MT/year corrugated carton-manufacturing facility serving Gebaly Fruit, Hama food and local and export market needs.

#### Engage trading

Hama's trading arm managing the selling process and building relations for and on behalf of all our subsidiary companies.
